## CONTRIBUTIONS TO *LANDSCAPE JOURNAL*

The editors welcome submissions of manuscripts and illustrations for consideration. All manuscripts are reviewed by at least two reviewers, after which authors are notified as to the paper's status: accepted, rejected, or recommended for revision and re-submission.

Three categories of papers are invited:

1. Specific research papers, wherein the context for the topic is addressed, the research process or methodology is documented, and results and conclusions are presented.

2. Reviews and/or critiques of areas of research related to landscape design, planning, and management, wherein a survey and discussion of current research are presented. Within this category, new annotated bibliographies would be considered.
3. Philosophical statements, theoretical discussions, and historic analyses based upon rigorous scholarly investigation and assessment of past and present activities, persons, and places related to landscape design, planning, and management.
