BRINGING TOGETHER RESEARCH, TEACHING, AND SERVICE

CELA (Council of Educators in Landscape Architecture) supports teaching, research, and public service in landscape architecture with member programs in the United States, Canada, Australia, and New Zealand, and independent members from around the world. The annual conference brings together over 300 members, and the theme of this year's conference is Engaged Scholarship, with a focus on collaboration and dialogue between academics and community partners, and between communities.

1st International
Conference on
Urban
Experience
& Design:
UX+ Design

at Tufts University
Somerville, MA

Explore the
implications of
embodied cognition,
cognitive architecture,
biology, and evolution

Learn about new
research methods and
techniques for using
biometrics in urban
planning,
architecture, and
landscape architecture.
