The co-editors would like to acknowledge a special action undertaken by the Ontario Association of Landscape Architects. Because of a recent Act passed by the Ontario Legislature, the term, "landscape architect" has received official sanction in the Province. The Association has experienced significant growth in membership (over 600 individuals) since implementation of the Act; as one way of utilizing their funds, a one-year subscription (1986) has been purchased for all members. We welcome our new Canadian readers, and invite them to submit manuscripts that convey results and findings that reflect the standards and intentions of *Landscape Journal*.
